*Message from Ball Event Chair of Way In Network
Florence Chau JP*

The decision of joining Way In Network was one of the most delightful achievements I made in my life!

I was so lucky to be invited and joined Way In Network 19 years ago. A great pleasure and honor to have witnessed the growth of it: from a small association of Asian Chinese women mainly to support each other, we are now widely recognized and respected by the main stream and Asian communities alike. The tremendous efforts contributed by all past Presidents account most for such successes. I have to also thank all my dear committee fellow sisters who have tirelessly supported and assisted me in my past 6 years of presidency. With a better and more solid foundation laid, I am pleased to retire from the presidency and will continue to contribute for Way In Network by all other means.

Tonight 's gala dinner is an important milestone to recall our past achievements, to share with our guests all the precious snapshots marked our growth and to reinforce our determinations for more successes for Way In Network in future. I thank all members, sponsors, media, community leaders and friends for making this important event happen.

At this celebrative event of Way In Network's 20th Anniversary, may I wish Way In Network with new leadership under Ctr Annie Tang , be united as always and even closer, and to commit ourselves for more worthy causes.

May I also wish everyone of you have a very enjoyable time tonight!

Councillor Annie Tang*

On behalf of the Way In Network, may I welcome you to our 20th Anniversary celebration and thank you for your continuous support to our charity gala ball.

Way In Network Inc. is a migrant women association which was incorporated in 1992 with the objective to support and assist women migrating to New South Wales to integrate into the Australian society.

During the past twenty years since the organisation's incorporation, the Honorary, Former Presidents and Committee members have put in tremendous efforts to serve the Australian community.

Members of the Way In Network over the years have raised in excess of two millions dollars for various charitable causes and disasters relieves and have responded quickly in raising fund to aid crisis situations. We have also co-hosted fund raising with other organizations.

The proceeds of the 20th Anniversary Charity Ball will fund for a charity scholarship for a woman postgraduate at the China Studies Centre of the University of Sydney; as well as for CanRevive, a charitable organisation to support Cancer patients and their carers.

I have to specially thank our Guests of Honour, the Governor of New South Wales Her Excellency Professor Marie R Bashir AC CVO, and the Hon. Victor Dominello MP, Minister for Citizenship and Communities; Minister for Aboriginal Affairs, Deputy Consul General of the People's Republic of China Madam Hu Xiaolan; Mr. Steve Barclay, Director of Hong Kong Economic & Trade Office to join with our 20th Anniversary celebration.

I would also like to thank our Premium Sponsors, Corporate Sponsors, Auction & Silent Auction donors and individuals for their generous donation and support.

Once again, thank you for the hard work from our immediate past President Florence Chau as the Ball Event Chairman, and our committee members for their time, effort and dedication. I am sure with the united team work of the Way In Network; we will be able to contribute to our future in a tangible and constructive way.

May I extend to you our gratitude and wish you all a very enjoyable evening!

Annie Tang
President of Way In Network

*Message from Governor of New South Wales
Her Excellency, Professor Marie Bashir AC CVO*

It is a pleasure to send greetings and good wishes on this special occasion of the Way In Network's 20th Anniversary Celebration's Gala Ball.

For 20 years, this splendid association for East Asian migrant women has provided invaluable support for women undertaking the important challenge of integrating into Australian society.

This important initiative, provided 'by women - for women' assists in building self esteem and confidence, promotes cross-cultural understanding and communication.

Over the past 20 years, the membership has grown from a modest handful of inspirational, committed and compassionate women to over 100 women today, who are represented in all the professions and trades.

Through their continuing efforts and generosity, numerous charities have been supported, including charities which respond to catastrophic situations.

Through the 20th Anniversary Gala Ball, funds will be raised in support of a Post Graduate Scholarship for the China Studies Centre at The University of Sydney.

In thanking each of you for your support this evening, may I congratulate and thank all the members of the Way In Network - past and present - for their outstanding commitment in building an even better society.

Have a wonderful evening.

Yours Sincerely

Professor Marie R Bashir AC CVO
Governor of New South Wales

*Message from Premier of New South Wales
Barry O'Farrell MP*

I am delighted to send greetings to the Way In Network on the occasion of its 20th Anniversary Ball.

I know that the Way In Network is a very special organisation founded and run by a group of impressive women of Chinese background for the benefit of Asian migrants living in Australia, including through the development of self-esteem and self-confidence, and through activities that support mutual understanding and communication across communities.

I am advised that this year's Ball is fundraising for a post-graduate scholarship for the China Studies Centre at the University of Sydney. I commend the Way In Network for this worthy initiative and note that it is strongly aligned with my Government's commitment to further developing the strong economic and cultural ties between China and NSW. This includes leveraging the strength that is the Chinese Australian community in NSW.

We do not and should not ask migrants to do everything for themselves, but we do encourage them to get involved and work with others to build our great State. The Way In Network has done exactly that for the last twenty years and along the way has become a very well respected charitable and community organisation.

May I extend my best wishes for a very successful and auspicious Anniversary Ball and for your on-going positive endeavours.

Barry O'Farrell MP
Premier

*Message from The Hon. Helen Sham Ho OAM
Honorary President of Way In Network*

It gives me great pleasure to extend my heartfelt congratulations to Way In Network for reaching its 20th Anniversary. All the best to Way In Network in promoting the welfare of its members and the communities in Australia and abroad. Happy Anniversary.

Twenty years ago, as a Member of Parliament, I instigated a meeting in Sydney Chinatown for a small group of newly arrived Chinese migrant women from different Asian countries to establish a women association to engender self-confidence, foster mutual support and spend time not only for their families but also for themselves to integrate to the Australian society. The association hence was named 'Way In Network'. The association was to be used as a way into the mainstream society. Romanizing 'Way In' in the Chinese words means 'wise-gentle' society. How appropriate! Mrs Christine Ho from Hong Kong was elected the first President. Under her leadership and the leaderships of successive Presidents, Way-In has done impressively through the years and has done much more than they originally anticipated. It has gained tremendous support and much respect from all the communities.

The real and enduring contributions made by Way-In began in 1993. I am privileged to have continuous closed association with Way In. I am proud and honoured to be its Honorary President. I applaud the time, the resources and the enormous efforts Way In has given to fundraise for the large range of charitable organisations and natural disasters. Way In has raised millions of dollars for many worthwhile causes. This year, they donate the fund raised in the Anniversary Ball to start the very first post-graduate scholarship for a woman scholar in The China Study Centre, University of Sydney and also to support the CanRevive, a Chinese cancer support group. It is pleasing indeed that not only the recipients of the donations appreciate the work of Way-In, the NSW Government has acknowledged the achievements of Way In and several years ago awarded them with the NSW Premier's Chinese Community Service Award. A well-deserved recognition. Once again, congratulations! Well done.

I hope Way-In's good work continues in the future. I thank President Councillor Annie Tang, Ball Event Chair, Florence Chau and all other committee members for organizing this celebration which provides a great occasion to meet with friends new and old and to make another mark in the history of Way-In Network.

I wish all attending the Celebration a wonderful and memorable evening.

With best wishes for the Year of the Dragon.

Helen Sham-Ho
Honorary President

*Message from Jenny Wallis
Honorary President of Way In Network*

It gives me immense pleasure, once again, to extend best wishes to all attending the Way In Network's highlight event of the year. Tonight's Charity Ball takes on added significance, as it also celebrates the 20th anniversary of Way In's establishment.

Perhaps this gives reason to reflect for a moment on the outstanding amount of work that has been accomplished under a succession of hardworking Presidents and their Committees, not to mention the many other dedicated supporters, over the last two decades. Their generosity in terms of both time and financial support has been called upon time and time again, and has resulted in considerable contributions being made to a wide variety of worthy charitable causes as well as other services to the community throughout NSW and further afield.

From modest beginnings in 1992, members of the Way In Network have continually displayed concern, hard work and commitment to make their organisation the dynamic and respected philanthropic group that it is today, an achievement of which they can be justly proud.

My congratulations to the Way In Network on reaching its 20-year milestone and I wish you all a most enjoyable and memorable evening.

Jenny Wallis

*Message from the University of Sydney Vice-Chancellor's
Dr Michael Spence*

On behalf of the University of Sydney I am very pleased to send my congratulations and very best wishes to the Way In Network for your 20th Anniversary Ball.

This is an historic occasion, commemorating two decades of dedication and understanding shown to so many migrant women in New South Wales. Your support and fund raising efforts are appreciated by a wide cross section of our community.

I am particularly delighted that the Way in Network has again chosen to support the University of Sydney by way of a scholarship for our China Studies Centre.

The University of Sydney has been actively engaged in understanding China for almost a century, since we first began teaching Chinese language and culture to our students in the early 20th century.

We were the first university in Australia to welcome Chinese students in the 1970s, and over the last three decades our relationship with China has strengthened and deepened as we have developed close partnerships in many different spheres. We have watched as change has transformed China and its impact on the world has grown.

However, we are not just an observer. Today we are one of the most engaged universities in the world with China's next generation: over 4000 Chinese students are enrolled to study here, and we are involved in many exchanges and research collaborations across all of our academic activities.

The University has more than 130 staff across all disciplines, engaged in the study of China - the largest number of academics undertaking China related research, of any university in Australia.

Our new China Studies Centre is a significant strategic endeavour which will harness our existing expertise in a wide range of disciplines across the University to provide a greater understanding of China and its impact on local, regional and global affairs.

Thank you again for your support and I congratulate everyone involved with the Way In Network.

Michael Spence
Vice-Chancellor and Principal.
