CHARITY BALL

Message from President

Jessie Xiao CA

On behalf of all our Way In sisters, it gives me great pleasure to welcome you to the Way In Network "Stories of Enchanted Wisdom" 32nd Anniversary Charity Gala Ball. Tonight's event marks a significant milestone for Way In Network and also represents an important personal journey that is worthy of sharing with future generations.

It feels like just yesterday when I first connected with Way In during my university days. I vividly recall joining the network in 2003 as a second-generation member, I was a confident young woman eager for new learning opportunities. It was only when I stepped into the committee, first as an Assistant Treasurer, then Secretary & Public Officer and later as the Vice President, that I realised the world was so much bigger than I had imagined.

Fast forward 21 years later, it has been a humbling experience and my absolute honour to be entrusted with the responsibility as the youngest serving President of Way In Network. As many people would say, "With great power comes great responsibility", and this power lies in the collective energy of all the wonderful ladies in our organisation, taking pride in building a stronger & more nurturing community around us!

Inspired by the positive influence of remarkable women before me, the various female role models that I have encountered, I have discovered a deep sense of "self-empowerment", a joyful fulfilment within! I hope that other females will reach out and extend a helping hand to uplift other women in need, fostering a well-balanced mind that holds the key, acts as the glue and driving force in creating better future generations!

My journey is just one of the many unique "Stories of Enchanted Wisdom"! I firmly believe together we can make a meaningful impact on the world around us one step at a time!

My heartfelt thanks to all the honorary & past presidents in your guidance throughout my journey, immense gratitude to our committee, and our sisters past, present & beyond! Last but not least, my deepest appreciation to every single one of you, for your generosity & unwavering support in making tonight such a great success, you have truly empowered me!!

I wish you all a wonderful evening, may you always be blessed with good health, kindness & the power to provide a helping hand!

Yours sincerely,

Jessie Xiao CA
President

Message from Event Chair

Annie Tang JP

As the immediate past President, it is my honour to be the Event Chair for 32nd anniversary celebration. The theme of our charity ball – {Stories of Enchanted Wisdom} will raise funds for Médecins Sans Frontières (Doctors Without Borders) and the Warrior Woman Foundation.

Over the past three decades, our association has been dedicated to uplifting women in our community. This year, we are thrilled to channel the collective wisdom and experience of the women in our organization to make a meaningful impact on the lives of those in need.

Proceeds from the ball will support the life-saving humanitarian work of Médecins Sans Frontières, providing essential medical care to vulnerable populations worldwide. Additionally, a portion of the funds raised will go towards the Warrior Woman Foundation with the initiatives focused on support programs for under-represented vulnerable young women for their physical, mental, and financial wellness.

Women have an incredible capacity for compassion, resilience, and problem-solving. By honouring this enchanted wisdom, we hope to inspire others to join us in our mission to empower women and give back to those who need it most.

I would like to express my heartfelt gratitude to our distinguished guests and event attendees, thank you for taking the time out of your busy schedules to be with us this evening. Your presence here is a testament to your commitment to making a meaningful difference.

To our generous sponsors and donors, we are deeply grateful for your unwavering support. Your donation and sponsorship have enabled us to host this event and maximize the funds we can direct towards the two worthy causes. Your generosity is a shining example of corporate social responsibility, and we are honoured to have you as our partners in this endeavour.

My sincere appreciation to our dedicated team of exco members and volunteers, without whom this event would not have been possible. Your tireless efforts in organizing, coordinating, and executing every aspect of this fundraiser have been invaluable. Your commitment to this cause is truly admirable.

Once again, on behalf of the Way In Network, I thank every one of you for your participation and wish you all a very enjoyable night with us.

Message from Founder, Honorary Life President

The Hon. Dr Helen Sham-Ho OAM JP

First of all, I would like to welcome each and everyone of you here tonight! Join with my Way In Network (WIN) sisters, I wish to thank you all for coming to support us in this Charity Ball!

Indeed, it gives me enormous pleasure as the Founder and Life Honorary President to congratulate WIN on this auspicious occasion of its 32nd anniversary celebration.

For many years, through the tireless voluntary efforts and the generosity of WIN presidents, executives and its members, many thousands of dollars have been raised for large number of local and overseas charities and worthwhile causes.

This Charity Ball with a theme of "Stories of Enchanted Wisdom", being held tonight at Sydney Fullerton Hotel, is another example of WIN sisters' commendable dedications to poverty and disaster relief particularly to better the life of women in our society.

Similar to the past, with our WIN organisational objectives in mind, we are going to focus on women in need of better health and better life situations. Parts of the funds raised this year will be donated to 'Medicines San Frontieres (Doctor Without Borders)' as well as the 'Warrior Woman Foundation'.

The contributions WIN made to these organisations will no doubt benefit and support the operation of these two institutions.

Finally, on behalf of WIN sisters, may I extend to you all our gratitude. May you share a happy and joyful 32nd anniversary celebration with us!

My best wishes & warmest regards,

The Hon. Dr Helen Sham-Ho OAM JP

Funding research for a brighter future

Message from the Australian Gynaecological Cancer Foundation

Way In Network's 32th Anniversary Charity Gala Ball

On behalf of the Australian Gynaecological Cancer Foundation, I would like to congratulate the Way In Network on your achievements over the past 32 years, and wish you every success with tonight's event.

For over 30 years, you have helped to facilitate the transition of migrant women into the Australian community, while raising funds to help support a wide range of charities. You have all bonded and empowered each other to be successful, and you have provided a wonderful example for other migrant groups to follow.

The AGCF is the only charity funding research into all 8 gynaecological cancers in Australia, and we are particularly grateful for the financial assistance you have given us over the past seven years.

In 2017, your support allowed us to offer our first 2-year Research Fellowship, which was named in your honour. This *Way In Network Research Fellowship* was awarded to Dr Dane Cheasley, from the Peter MacCallum Research Institute in Melbourne.

Dr Cheasley's research focussed on a genetic analysis of low-grade serous ovarian cancer. This is a disease that often occurs in younger women and has a poor response to traditional chemotherapy.

Since this initial Fellowship, Dr Cheasley has been able to get additional funding to expand the project internationally, including \$1.6 million from the Federal Government's Medical Research Future Fund.

We thank you sincerely for your help in the past and look forward to working closely with you in the future.

About Us and The Event

Way In Network was established in 1992, led by the Hon. Dr Helen Sham-Ho OAM, JP to build a support network for migrant women during their settlement in Australia.

The current management committee is led by our President, Jessie Xiao CA, with Past Presidents Ms Annie Tang JP, Mrs Florence Chau JP, and Ms Linda Tang JP serving as Honorary Advisors. In recognition of our contribution to the community, we were honoured to accept the NSW Government's award for Outstanding Community Services on two separate occasions in 2002 and 2013.

In 2017, the Australian Gynaecological Cancer Foundation (AGCF) partnered with Way In Network to establish a new post-doctoral fellowship grant supporting a research project aligned with AGCF priorities. Way In Network proudly serves as an Ambassador for AGCF.

From the footprints of our journey, the Way In sisters have exuded positive energy, shone a light of hope to all those around us through ongoing community initiatives, charitable projects and meaningful endeavours. As we commemorate this significant milestone symbolised by the gemstone "Lapis Lazuli," we gather in anticipation to get a glimpse of the compelling "Stories of Enchanted Wisdom", unique tales of strength, courage, and determination from exceptional female leaders from all walks of life.

Tonight's celebration serves as a tribute to founders and longstanding members, celebrating milestones achieved and encouraging the continued pursuit of Way In's mission and legacy. Through the fundraising efforts of our gala ball, our members and philanthropists alike will contribute to worthy NGO's, enabling us to persist in our dedicated service to the community and steadfast commitment to the path of "Women Empowerment."

Way In's primary fundraising effort this year aims to empower women through donations earmarked for female-focused projects by Médecins Sans Frontières (Doctors Without Borders) and the Warrior Woman Foundation. Additionally, we are organizing a series of upcoming Way In Women Empowerment Seminars designed to address current issues facing women in modern society. Your generous donation will ensure that our mission to assist others can be fulfilled through ongoing funding from Way In Network's emergency fund reserve.

It is Way In Network's commitment to continue assisting new female migrants in settling into Australia and to become an integral part of Australia's multicultural society. Collectively, our Way In sisters aspire to reinforce kindness, strength, courage, and generosity among ourselves and pass these key values on to future generations, making the world a better place for years to come!

Message from Beneficiaries

Médecins Sans Frontières (MSF) is an international and independent medical humanitarian organisation delivering emergency medical aid to people affected by armed conflict, epidemics, disasters, and exclusion from healthcare. We offer assistance based on need and irrespective of race, religion, gender, or political affiliation.

MSF Australia is grateful for the kind and generous support of the Way in Network, and to be the beneficiary charity for the 2024 Way in Network Charity Ball, supporting MSF's work in women's health and fistula care.

MSF offers assistance in more than 70 countries around the world. Our work is based in medical ethics and the principles of independence, neutrality, and impartiality. Our independence is rooted in our funding; the majority of which comes from individual private donors and community groups like the Way in Network.

Our work is carried out by thousands of health professionals, logistical and administrative staff, and one in five are local to the countries where we run programs. In 2022, more than 120 project staff from Australia and New Zealand worked with MSF on assignments overseas.

Women's regular health needs do not disappear when conflict erupts, or war breaks out. Instead, they become more critical, as women struggle to obtain adequate food, safe drinking water or basic sanitation. They also often lose access to contraception, maternity care, or protection from sexually transmitted infections, and become increasingly exposed to incidents of sexual and intimate partner violence.

As a result, women face a heightened likelihood of becoming sick or dying, which is why they need dedicated and comprehensive health services and protection as a priority as part of any humanitarian response.

Be it in conflict, in a natural disaster, a disease outbreak, or in an HIV program - women are in need of specific care. Reproductive healthcare is an integral part of the medical care we provide, including in emergencies. An estimated 99 percent of women who die in childbirth or from pregnancy-related complications live in developing countries. Most of these deaths are preventable.

On behalf of our patients, and staff, thank you for the kindness of the Way in Network, I am truly inspired by your compassion for the people we help, and for your belief in our organisation. Thank you for sharing the vision that has driven MSF ever since it was founded more than half a century ago by a group of French doctors and journalists. With your help, that extraordinary vision lives on.

It's so good to know there are people like the Way in Network community in the world.

With warmest thanks, once again, and all my best wishes.

Message from Beneficiaries

Message from The Warrior Woman Foundation

The Warrior Woman Foundation provides holistic evidence-based support programs for underrepresented vulnerable young Australian women aged 17- 25+ years who lack the necessary familial or community support to become resilient and independent. We have a particular focus on young women at risk of not completing their final years of high school, young women leaving the out-of-home care system and young women who would simply benefit from guidance and direction.

We sincerely congratulate Way In Network for their ongoing commitment, excellent work and continued success in raising needed and appreciated funds for charitable organisations. This year, we are honoured to have the generous support of the Way In Network and to be a beneficiary charity for the Way In Network 32nd Anniversary Charity Gala Ball, supporting our Young Warrior Woman Program for those who need care and an opportunity to thrive.

Our flagship program, the 6-month Young Warrior Woman Program combines life-skills education, mental health support, and the connection to a safe and nurturing group of female mentors. The program has a strong focus on financial literacy and job readiness, as well as trauma healing, self-awareness, and personal growth.

The program bridges the gap between adolescence and the “emerging adulthood” stage. To ensure that these young women do not fall through the cracks we provide a strong safety net of support which includes peer support, group mentoring and weekly one-to-one mentoring. Based on the Self Determination Theory, the Young Warrior Woman Program is designed to foster independence and overall well-being.

On behalf of our team and the young women we support, I would like to express my heartfelt gratitude to the Way In Network, members, the organising committee and honoured guests. Your assistance will contribute to making a positive difference to the lives of the young women we serve, ensuring that they claim their power and create a brighter future.

“Stories of Enchanted Wisdom 睿智。瑰麗。美麗承傳” Collectable Photographic Book

As part of the Way In Network's 32nd Anniversary celebrations, we are thrilled to announce the upcoming release of our inaugural Collectable Photographic Book, “Stories of Enchanted Wisdom 睿智。瑰麗。美麗承傳,” scheduled for late 2024.

With 32 years of presence, Way In Network has witnessed the evolution of many members whose unique experiences, values, and wisdom are truly inspiring across generations of women. This book aims to capture these spirits through storytelling with images by the world-renowned and award-winning photographer, Mr Andy Cheung.

At the helm of the project is our Honorable Adviser and Past President, Ms. Linda Tang JP, who leads as Project Head and Chief Editor. Our President, Ms Jessie Xiao CA, has given her pivotal support behind this project, overseeing the overall promotion and outreach. Our Public Relations Officer, Ms Polly Chan with extensive experience in beauty and styling industry across Australia and Hong Kong, serves as the Director of Styling.

The book will showcase portraits and personal stories of twenty prominent community women, many of whom are from our Way In family, sharing their invaluable life experiences, achievements, and aspirations. Tonight you will have the exclusive opportunity to preview portraits of these remarkable women.

Special thanks to the featured participants of the book for their generous contributions and invaluable wisdom sharing. All net proceeds from this book will support Way In's “Women Empowerment” projects, including initiatives in collaboration with Médecins Sans Frontières (Doctors Without Borders) and the Warrior Woman Foundation, as well as our own Way In Women Empowerment Seminar Series.

School Introduction

North Sydney Academy of Music

The North Sydney Academy of Music is a music training school that offers a comprehensive range of private lessons in string instruments (violin, viola, cello), piano, woodwind instruments, guitar, vocals, Eastern instruments, and music theory. It has developed two campuses in North Sydney and Chatswood.

The North Sydney Academy of Music boasts a strong faculty, with many teachers graduating from renowned music academies worldwide. Some instructors have also served as music professors or orchestra principals. The school has long-term contracts with world-class music educators and performers and regularly organizes on-campus concerts and community music events. Activities such as the NSAM Master Class, NSAM Youth Music Learning Exchange Forum, and NSAM Music Kids Parental Assistance Forum are held to create a relaxed, enjoyable, and beneficial musical atmosphere for students.

Through the support of the North Sydney Academy of Music, numerous talented students have blossomed. Some have successfully been admitted to prestigious music schools such as the Menuhin School in the UK, participated in music exchange programs at top music schools like the Juilliard School in the US, and performed at venues like the Kennedy Center in the US. In the future, we will continue our efforts to bring the joy of music to more children, uncover their musical talents, and help them achieve their musical dreams.

Experience all our wines under the same roof at our Urban Cellar Door.
